- 10% Level 4 Matching Bonus

MAGA PATRIOT

Breakage/Bonus Pool

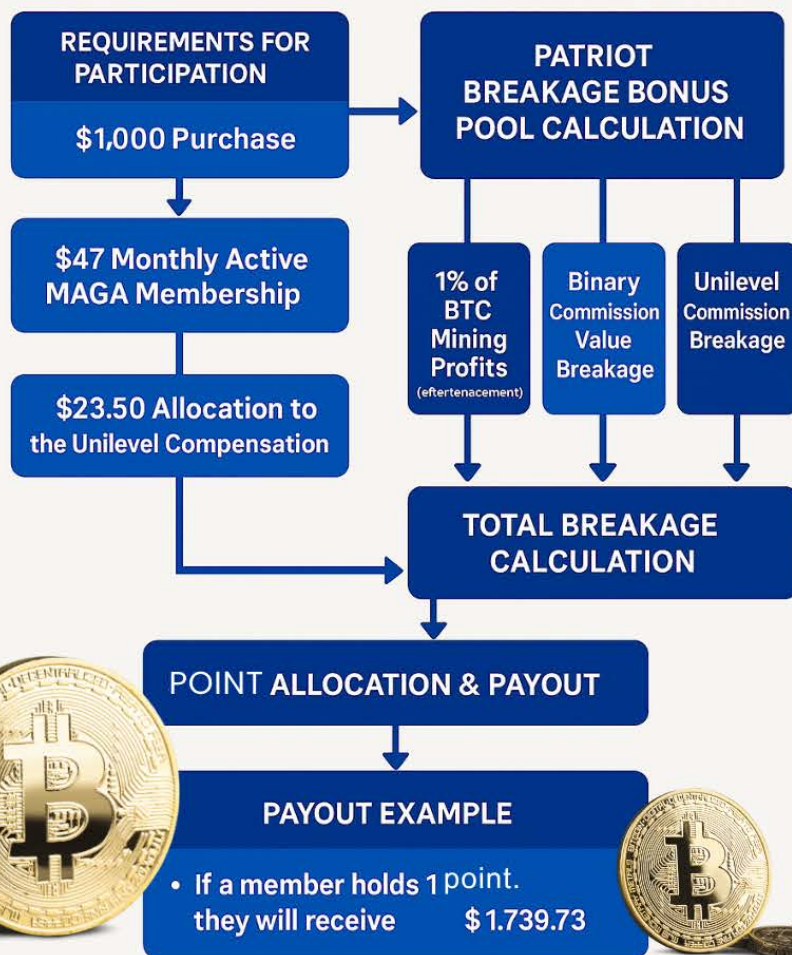

First 250 Patriots: \$1k (251-500: \$1,500)
(501-750: \$2,000) (751-1000: \$2,500) And so on...

THIS EXCLUSIVE/LIMITED OPPORTUNITY ALLOWS YOU TO PARTICIPATE IN THE ONGOING SUCCESS OF MAGABIT, AS IT SETS OUT TO BECOME AMERICA'S LARGEST BITCOIN MINING COMPANY!

How It Works:

Total Breakage Calculation:

- Total Breakage:** All funds allocated to the Breakage Bonus Pool are combined:
 - Example Total Breakage Pool Calculation:
 - \$2,500 from 1% of BTC profits allocated to the BCV.
 - \$100,000 from the BCV Breakage.
 - \$25,000 from the Unilevel Breakage.
 - Total Breakage Pool = \$127,500.
- Share Allocation & Payout:**
 - The Breakage Bonus Pool is distributed among points.
 - Example: If there are 73 points in the pool:
 - $\$127,500 \div 73 \text{ shares} = \$1,739.73 \text{ per point}$.
- Payout Example:**
 - If a member holds 1 point, they will receive \$1,739.73.
 - If a member holds 2 points, they will receive \$3,479.46.
 - If a member holds 3 points, they will receive \$5,219.19.

Patriot Breakage Bonus Pool Calculation:

- 1% of all BTC Mining Profits (after reinvestment into mining equipment):**
 - Example: If BTC Mining Profits amount to \$500,000:
 - 50% (\$250,000) is reinvested into mining equipment.
 - The remaining 50% (\$250,000) is allocated to the Dual-Team (Binary).
 - 1% of \$250,000 (\$2,500) is allocated to the Breakage Bonus Pool.
- Binary Commission Value (Breakage):**
 - Breakage is defined as the difference between the amount of Binary Commission Value (BCV) that could have been paid out, and what actually was paid out.
 - Example:
 - Total BCV in invoices: \$500,000.
 - Total BCV commissions paid out: \$400,000.
 - Remaining BCV (not paid out): \$100,000.
 - This \$100,000 is added to the Patriot Breakage Bonus Pool.
- Unilevel Commission Breakage:**
 - Breakage in the Unilevel plan occurs when a portion of the \$23.50 allocated from the \$47 monthly membership fee is not paid out.
 - Example 1: A \$47 invoice pays out \$9 from the \$23.50 allocated for the Unilevel:
 - \$14.50 remains and is allocated to the Patriot Breakage Bonus Pool.
 - Example 2: A \$47 invoice pays out \$12 from the \$23.50 allocated for the Unilevel:
 - \$11.50 remains and is allocated to the Patriot Breakage Bonus Pool.
 - The accumulated breakage from Unilevel commissions (e.g., \$25,000) will be placed into the Breakage Bonus Pool.

This breakage/bonus pool allows members to participate in MAGAbits success & be rewarded as the company reaches it goal, to become Americas largest bitcoin mining company
